# Nevada City & Lake Tahoe Wedding Photography

## I love showing people In Love...

The Sierra is one of a kind, and I know you know, because you're choosing to get married here. The mountains, lakes, rivers, charming towns, and awe inspiring nature that draw people from around the world are the perfect backdrop for your mountain wedding. It brings me immense joy to be able to work with you and capture moments and memories for you to cherish forever from your sacred time here around Nevada City & Lake Tahoe.

## Day After Shoot - \$850

One of my favorite additions to a Sierra Wedding is a Day After shoot. After the build up of months or possibly years of planning leading to your wedding day, most all the stresses have subsided the day after and you get to enjoy your first day as a married couple. We can take our time and go to multiple locations without worrying to get back to the reception, or we can go on a hike or an adventure down to the river or on the lake. We'll be able to plan around the best light for whatever location(s) we choose and create some incredible photos together. The session starts at around two hours which is perfect for being able to take our time and create some magical images together. If we want some more time, I'll prepare a custom quote with additional hours being \$295.

## Engagement Shoots - \$650

I offer engagement shoots at a special price for those that book their weddings with me, because they're really a great way for us to get to know each other before the wedding day. This really helps you get more comfortable in front of the camera, which allows for much more natural & authentic images from your wedding day. Sessions are usually around an hour or two and can be in Nevada County, Lake Tahoe or anywhere else if you'd like. Travel is included in Nevada County & Tahoe and will be quoted for other destinations. The sky's the limit, we could fly to Italy for a session if we'd like, so don't be afraid to dream big!
