

A romantic couple is silhouetted against a warm, golden sunset. They are standing on a large, flat rock formation, embracing and kissing. The background features a vast, hazy landscape of rolling hills and mountains, with the sun low on the horizon, creating a soft, warm glow across the entire scene.

# Yosemite Elopement Photography

Yosemite is the perfect place to  
elope...

It's one of the most beautiful places on earth, there's towering mountains and flowing waterfalls, there's a wonderful variety of great locations that are relatively easily accessible, and it has golden California weather. Yosemite is one of the most special places on earth, and I know you know, because you're choosing to elope here. It brings me immense joy to be able to work with you and capture moments and memories for you to cherish from your sacred time here in Yosemite.
