

A full-page photograph of a wedding couple in a field. The bride is in a white dress and the groom is in a dark suit. They are standing in a field of tall, golden grass. In the background, there are large evergreen trees and a massive, sheer rock wall (El Capitan) under a clear blue sky. The sun is low on the left, creating a lens flare.

# Yosemite Wedding Photography

## I love shooting people In Love in Yosemite...

Yosemite is one of the most special places on earth, and I know you know, because you're choosing to get married here. Yosemite changed my life when I was 18 and I discovered it, I knew I had found my new home. I lived in the park for most of the next 10 years exploring extensively and really tuning into this awe inspiring landscape. Ever since it's been my deepest home, my soul home, and it brings me immense joy to be able to work with you and capture moments and memories for you to cherish from your sacred time here in Yosemite.

## Day After Shoot - \$950

One of my favorite additions to a Yosemite Wedding is a Day After shoot. After the build up of months or possibly years of planning leading to your wedding day, most all the stresses have subsided the day after and you get to enjoy your first day as a married couple. We can take our time and go to multiple locations without worrying to get back to the reception, or we can go on a hike or an adventure to one of the endless unreal viewpoints within the park. We'll be able to plan around the best light for whatever location(s) we choose and create some incredible images together. The session starts at around two hours which is perfect for hitting a couple easy to get to spots in the Valley, or a short hike out to Taft Point or something like that. If we want to go out a little further or even have a big day, we'll prepare a custom quote with additional hours being \$295.

## Engagement Shoots - \$750

I offer engagement shoots at a special price for those that book their weddings with me, because they're really a great way for us to get to know each other before the wedding day. This really helps you get more comfortable in front of the camera, which allows for much more natural & authentic images from your wedding day. Sessions are usually around an hour or two and can be in Yosemite or anywhere else if you'd like. Travel is included to Yosemite & will be quoted for other destinations. The sky's the limit, we could fly to Italy for a session if we'd like, so don't be afraid to dream big!
